

Grand Valley Power 2022 Safety Improvement Plan

Three-Year Safety Improvement Goals

1. Cultivate an enhanced, home-grown, safety culture.
2. Provide a safe workplace for our team members.
3. Promote, track, and recognize safe practices.

Annual Objectives for Safety Improvement

1. Improve effectiveness of Safety Committee and Board Meeting reporting and discussion regarding safety matters.
2. Enhance safety of line personnel working with OCR controls.
3. Improve emergency communications with team members.

Planned Initiative	Accountability	Timeline
A. Improve Effectiveness of Safety Committee and Board Meeting reporting and discussion regarding safety matters • Provide written summaries for all crew visits • Provide sample job briefing summaries • Identify special discussion topics for Safety Committee Meetings	Operation Manager, Safety Coordinator, and CEO	Initiate by June 1, 2022

Grand Valley Power 2022 Safety Improvement Plan
